RAKSHA G NADIGER

Bengaluru, India | +91-7795369976 | rakshagnadiger@gmail.com

PROFESSIONAL SUMMARY

Master of Computer Applications (MCA) graduate with hands-on experience in software development, web engineering, and intelligent systems through technical internships and academic projects. Skilled in Python, SQL, Flask, JavaScript, HTML, CSS, and database systems, with experience in RESTful API development, user interface design, and full-stack application development. Built and deployed responsive web solutions using real-world datasets and end-to-end development workflows. Seeking entry-level technical opportunities.

TECHNICAL SKILLS

- **Programming:** Python, SQL, JavaScript
- **Web & Backend:** HTML5, CSS3, JavaScript, Flask, REST APIs
- **Databases:** SQL, MySQL, Oracle, SQLite
- **Tools:** Git, VS Code, Figma, Jupyter Notebook
- **Core CS:** Object-Oriented Programming, DBMS, Data Structures, Software Engineering

EXPERIENCE

Hindustan Aeronautics Limited (HAL) Bengaluru, India

IT Department Intern *July 2026 - August 2026*

- Gained hands-on experience in enterprise IT infrastructure, internal systems support, and database management.
- Collaborated on analyzing internal workflow requirements to optimize software processes and operational efficiency.

Designtheme Innoventics Bengaluru, India

UI/UX Developer Intern *January 2026 - May 2026*

- Designed user-centered web interface prototypes and responsive layouts using HTML, CSS, JavaScript, and Figma.
- Bridged design requirements with functional front-end implementations to improve user experience across platforms.

Printalytix Pvt Ltd Bengaluru, India

Web Development Intern *May 2024 - June 2024*

- Assisted in front-end feature implementation, client-side script debugging, and web application testing.
- Managed relational database structures and supported full-stack website enhancement workflows.

PROJECTS

Internal Audit Management System | Python, Flask, SQL, Oracle, HTML, CSS, JavaScript

- Developed a responsive full-stack web application to manage and automate corporate internal audit workflows.
- Implemented a dynamic 60-point checklist, Non-Conformance (NC) tracking, corrective actions, and automated audit closure reports.
- Designed and structured normalized relational database schemas in Oracle/SQL to support reliable data operations and query performance.

Hand Gesture Recognition System | Python, OpenCV, MediaPipe, TensorFlow, Scikit-Learn

- Engineered a real-time computer vision application to capture, process, and classify user hand gestures from video streams.
- Implemented feature extraction workflows with MediaPipe and OpenCV for real-time interaction systems.

GreenCharge & Educational Web Applications | HTML, CSS, JavaScript, Figma

- Designed and developed clean, accessible, and responsive web user interfaces based on Figma design system prototypes.

EDUCATION

Seshadripuram College, Bengaluru 2024 - 2026

Master of Computer Applications (MCA)

KLE Society's Degree College, Bengaluru 2021 - 2024

Bachelor of Computer Applications (BCA)

CERTIFICATIONS

- Cyber Security Fundamental
- Power BI for Beginners - Simplilearn
- Introduction to AI - Infosys Springboard
